

# SAFETY DATA SHEET

# **PRODUCT NAME: MOLAFOS 20 SS PASTURE SUPPLEMENT**

# **IDENTIFICATION**

| Product Name:<br>Product Code:<br>Product Description:<br>Company Name:<br>Address: | Molafos 20 SS Pasture Supplement<br>20502<br>A Molasses based Liquid Animal Feed with Non-Protein<br>Nitrogen and essential Minerals for Dairy, Beef Cattle, and<br>Sheep<br>GrainCorp Commodity Management<br>8/33 Racecourse Road, Hamilton, Q, 4007 |
|---|--|
| Telephone / Fax:  | Ph.: (07) 3291 8030 Fax: (07) 3291 8038  |
| HAZARD IDENTIFICATION   |  |
| NON-HAZARDOUS   | Not Classified as Hazardous per GHS or WHS<br>Regulations  |
| <b>COMPOSITION</b>  |  |
| Ingredients:  | Contains molasses, urea and essential minerals   |
| FIRST AID MEASURES  |  |
| <b>First Aid</b><br>Ingestion:<br>Eye:<br>Skin:                                     | Rinse mouth with water. Drink copious amounts of water.<br>Hold eyes open and rinse with water for 5 minutes.  |

| <b>Ly0</b> .              |   |
|---------------------------|---|
| Skin:                     | Wash the contaminated area with water.                        |
| Symptoms and Effects of E | Exposure  |
| Acute - Ingestion:        | If large amounts are swallowed, may cause stomach irritation. |
| Acute - Eye:              | Direct contact with eyes may cause irritation.                |
| Acute - Skin:             | Will not cause irritation.                                    |
| Chronic - Skin:           | Prolonged exposure to material may cause skin irritation.     |
|                           |   |

### **FIRE FIGHTING MEASURES**

| Flammability:              | Non-Flammable below 60°C.                                    |
|----------------------------|--|
| Auto-ignition Temperature: | Thermal decomposition may occur above 60°C if heat is unable |
|                            | to escape from containing vessel.                            |
| Protective Clothing:       | Not required   |

# ACCIDENTENTAL RELEASE MEASURES

| Spills:              | Dilute with water and run to waste. Waste water may ferment. |
|----------------------|--|
| Protective Clothing: | Not required   |

| REV: 4           | SECTION: SDS |

# HANDLING AND STORAGE

| Storage:  | Store in Plastic or Steel containers/tanks with Brass, Steel or<br>Plastic Fittings. Containers/tanks must be able to handle<br>specified specific gravity. This product should be thoroughly<br>agitated, either through mechanical mixing or recirculation daily<br>and immediately prior to use. Dilution with water whilst in<br>storage may cause fermentation. Before entering tanks for<br>cleaning and / or hot work repairs, such as welding, should<br>always be preceded by gas tests carried out by a competent<br>analyst. |
|---|---|
| Instructions for use:                                     | This product can be fed directly to livestock at recommended feeding rates.<br>Maybe toxic if fed to livestock in excessive quantities or too quickly.  |
|   | This product contains Urea. Urea can be toxic to Ruminants at<br>levels as low as 0.25g of urea per kilogram of live-weight and<br>may result in death if not fed in accordance with the instructions<br>for use for this product. Livestock should be introduced to urea<br>gradually. Avoid feeding urea to starving or thirsty livestock.<br>Always ensure an adequate supply of forage and fresh water.   |
| Animal Withholding Period:<br>Restricted Animal Material: | Nil<br>Nil  |

## EXPOSURE CONTROLS

Personal Protection: Not required

#### PHYSICAL AND CHEMICAL PROPERTIES

| Appearance:          | Dark Brown to Black Viscous Liquid   |
|----------------------|--|
| Odour:               | Sweet sugar smell  |
| Specific Gravity:    | 1.35 Kilograms / Litre   |
| Solubility in Water: | Completely Soluble   |
| Corrosiveness:       | Mildly Corrosive to Steel and Concrete   |
| pH:                  | 4.0 - 6.0 pH   |
| Viscosity:           | 400 - 800 cP at 24°C   |
| Flammability:        | Non-Flammable below 60°C.  |
| Auto-ignition Temp:  | Thermal decomposition may occur above 60°C if heat is unable to escape from containing vessel. |

# STABILITY AND REACTIVITY

| Corrosiveness: | Mildly Corrosive to Steel and Concrete      |
|----------------|---|
| Dilution:      | Dilution with water may cause fermentation. |

# **TOXICOLOGICAL INFORMATION**

# Symptoms and Effects of Exposure

| Acute - Ingestion: | If large amounts are swallowed, may cause stomach irritation. |
|--------------------|---|
| Acute - Eye:       | Direct contact with eyes may cause irritation.                |
| Acute - Skin:      | Will not cause irritation.                                    |
| Chronic - Skin:    | Prolonged exposure to material may cause skin irritation.     |

| REV: 4           | SECTION: SDS |

| DATE: 01/07/2020 | PAGE 2 of 3  |

### **ECOLOGICAL INFORMATION**

Eco-toxicity: Not toxic to environment.

#### DISPOSAL CONSIDERATIONS

Disposal: Dilute with water and run to waste. Waste water may ferment.

#### **TRANSPORT INFORMATION**

| Transport Classification: | Non-Hazardous, Not a Dangerous Good. |
|---------------------------|--------------------------------------|
| Specific Gravity:         | 1.35 Kilograms / Litre               |

#### **REGULATORY INFORMATION**

Not Applicable.

#### **OTHER INFORMATION**

| Preparation Date: | 1 <sup>st</sup> July 2020 |
|-------------------|---------------------------|
| Revision:         | 4                         |

**Please note**: Carefully read all instructions prior to use. You must observe all directions, warnings and precautions noted throughout the instructions. For further information, please visit our website www.liquidfeeds.com.au/ or contact us on 1800 333 010 for customer service.
